

Fred is a classic platformer released by L.K. Avalon in 1990 for the Atari XL/XE. The player controls a caveman who must progress through successive levels filled with traps and enemies. Along the way, various items can be collected to aid in combat and survival, such as stones, invisibility power-ups, or extra lives. The title is considered one of the most iconic and recognizable hits of the Polish Atari scene.

Fred is an action arcade game in which you play as the titular character, Fred. You must progress through a series of side-scrolling locations. Along the way, you must watch out for various creatures – including frogs and birds – as well as environmental hazards. You are not defenseless, though: you can collect items to use as weapons, and fans may contain helpful items such as an invisibility cap, spray, or extra lives. The game's gameplay emphasizes rhythm, timing, and precise jumping.
